Dutch Good Growth Fund

Investment Fund for Health in Africa-II (IFHA-II) **(Coöperatie U.A.)**

IFHA-II plans to offer private equity financing to SMEs in the health care sector in Africa.

Sector(s)

Health Care

Amount Invested

USD 12 million / ca. EUR 10.6 million

Manager of the IF

African Health Systems Management Company, a Dutch B.V. (private company with limited liability) with its head office in Amsterdam, and operations in Sub-Saharan Africa. IFHA invests in SMEs that are active in health care in Africa, including sectors such as hospitals and clinics, health insurance and health administration, healthcare products, manufacturing and pharmaceutical distribution, and retail. African Health Systems Management Company is currently active in six Sub-Saharan Africa countries via IFHA-I.

Impact

IFHA will invest in the private healthcare sector in Africa, which is highly fragmented, underdeveloped and underfinanced as investments in SMEs in this sector have been virtually inexistent. In addition to improving health services, the DGGF investment in IFHA is expected to generate significant impact through increased employment (especially for women) and increased revenues for SMEs.
