

C4D Asia Fund

Capital 4 Development Asia Fund Coöperatief U.A ("C4D Asia Fund")

C4D Asia Fund aims to make equity, mezzanine and debt investments in growing SMEs in India, Indonesia and the Philippines, which have a strong socio-economic impact on the lives of people from marginalized communities..

Sector

Food and agriculture, energy, education, healthcare and financial inclusion.

Total investment

Ca. USD 8,5 million / EUR 7,5 million (based on current exchange rate). With this investment DGGF is contributing to an expected fund size of approximately USD 30 million at first closing (target size USD 50 million).

Fundmanager

Capital 4 Development Partners BV ("C4D Partners"), domiciled in the Netherlands.

Impact

C4D Asia Fund is expected to have high impact thanks to (i) its mezzanine strategy which offers an optimal combination of a high number of SMEs financed and good potential for job creation (ii) the early stage VC model which tends to reach younger entrepreneurs and (iii) explicit strategy to support business that provide services to low-income and marginalized communities. The Fund is expected to reach around 48 SMEs in total. C4D Asia Fund also has a specific focus on women-owned SMEs and led entrepreneurs, with a target to allocate at least 30% of the capital to such SMEs. This target is supported by an innovative incentive mechanism for C4D Partners. Potential catalyzing effects are high with DGGF playing a strong role in aligning the fund terms to market standards.
