The fund manager will apprise as soon as possible after an agreement has been signed, or as soon as possible after it has become apparent that the intended transaction will not be signed, to all parties who have expressed their views which conclusion the fund manager attaches to the views.

Description transaction (English)

DGGF track

Export credit insurance of an export transaction from a Dutch exporter. This transaction includes the discounting of bills of exchange.

Brief description

This transaction concerns the supply of fully automated analyzers for testing blood in preparation of a blood transfusion. These analyzers will be sold to a private company in Vietnam. Exporter will take care of installing the analyzers, and will provide training to staff, do test work and further support. With this transaction, much knowledge on blood testing will be exchanged. Furthermore, the machines will lead to safer blood transfusions in Vietnam

Country of investment

Vietnam

Risk category

This export transaction is categorized as risk category E (assessment of the exporter).
