Publicatiedatum: 16 juli 2018

Description (English)

Part of DGGF

Investing Dutch SME's

Description

A Dutch SME company wants to expand its plant propagation company to improve the quality and quantity of the young plants produced. A DGGF loan makes this possible. 200 direct and indirect jobs will be created at the company in South Africa. The drip irrigation and LED lighting also result in a relatively low water and energy consumption.

Country of investment

South Africa

Risk category

The project is a category B investment. A CSR action plan will be drafted, which is based upon the OECD and IFC performance standards, which aims to reduce the risk of non-compliance with these standards.
