Furthering the development of quality entrepreneurial services to refugees

DGGF's Seed Capital and Business Development (SC&BD) facility is supporting Action Africa Help International (AAHI) to explore the feasibility of scaling business support and financial services in Kakuma and Kalobeyei refugee camps in Kenya.

Action Africa Help International (AAHI) is an international NGO, operating in East Africa and have been operating in Kakuma and Kalobeyei since 2015. In the camps AAHI offers support to local entrepreneurs in the form of incubation trainings, skills development and revolving grants. Following their success in the field, they intend to professionalise and expand their services for entrepreneurs in the coming years.

DGGF-SC&BD support will facilitate an on-site study to explore different business models and for the entrepreneurial fund and incubation services and lay the foundations for sustainable growth in the years to come. A key focus of this support is also to explore partnership opportunities with parties like PUM.
