## **Notice of intended transaction DGGF20190708**

### **Delivery of two hybrid power plants - Mali**

**Publication date 8th July 2019**

Taking into account the conditions applicable for government bodies on the basis of the Law for Public Administration and the Law for Protection of Personal Information, the fund manager of the DGGF track 'Export credit insurance of an export transaction from a Dutch exporter' publishes intended transactions.

#### **Views**

Third parties are allowed to express their views on a intended transaction to the fund manager, by contacting [anna.jellema@atradius.com](mailto:anna.jellema@atradius.com) within 30 days of the notice of the respective transaction. The fund manager will apprise as soon as possible after an agreement has been signed, or as soon as possible after it has become apparent that the intended transaction will not be signed, to all parties who have expressed their views which conclusion the fund manager attaches to the views.

#### **Description transaction (English)**

##### **DGGF track**

Export credit insurance of an export transaction from a Dutch exporter and financing bank.

##### **Brief description**

The transaction involves the delivery of two hybrid power plants. At a hybrid power plant, electricity is generated by both solar energy and diesel generators. The combination of this input ensures guaranteed energy generation, even when there is no sunlight. Significant savings on diesel can be achieved through battery storage and an intelligent automated exchange of information between the diesel generators and the solar cells.

##### **Country of investment**

Mali

##### **Risk category**

This export transaction is categorized as risk category B (assessment of the exporter and project).
