DGGF107689620200622 Democratic Republic Congo

Risk category

The Exporter acts in accordance with a CSR policy approved by us.

Description

The transaction concerns the delivery of 24 off-grid solar energy systems. In addition, services are provided in the form of training of local staff and management. The goods are so-called Izzy's. They can generate electricity from solar energy and store it for later use. The difference with comparable existing systems is that the Izzy can have a higher power.
