La Fabrique BURKINA FASO

Scaling up social impact enterprises

La Fabrique is a business incubator focused on growing impact-focused livelihood to dynamic enterprises in Burkina Faso. It was launched in 2014 by an entrepreneurial young lady with a passion for social entrepreneurship. Over the past eight years, La Fabrique has validated its service offering and counts 50 alumni enterprises still operating and growing, that created or sustained almost 500 direct jobs and which products and services benefited 150,000+ people.

The team is ambitioning to scale their impact while transitioning to a more sustainable business model and would welcome the support from DGGF to successfully manage this transformation.
