Description (English)

Part of DGGF

Investing Dutch SME's

Description

The company is a Dutch telephone manufacturer of the world's first ethical and modular smartphone. The company started in 2013 and strives to create a positive impact (social and environmental) on every aspect of the life cycle of the phone. The main goal of the company is to motivate and move the smartphone industry to produce more responsibly. DGGF intends to provide a guarantee to this company on a credit facility from a Dutch Bank so that they can realize their expansion plans and their intended impact targets.

Country of investment

Raw materials for the telephone are imported from various DGGF countries. Among others from the Democratic Republic of Congo.

Risk category

It is a category B investment. A CSR action plan will be drafted, which is based upon the OECD and IFC performance standards, which aims to reduce the risk of non-compliance with these standards.
